NEEDLEWORK SAMPLERS

EACH ITEM SOLD & PRICED INDIVIDUALLY

PRICE GUIDE

Priced individually

Some needlework samplers I'm producing are reproduction pieces of work that had been originally designed and created centuries ago, others are more recent modern-day designs.

These pieces are carefully wrought to recreate these magnificent masterpieces. Needlework samplers that are framed have been professionally stretched, mounted and framed, and include UV art glass to protect the textiles for many years ahead, unless otherwise noted as "unframed".
